

# STORMBERGER

*"selected off the veld, for the veld, without compromise"*

**19<sup>th</sup> STORMBERGER BULL SALE**  
**FRIDAY, 29 AUGUST 2025**  
BUFFELS FONTEIN, MOLTEÑO

# CATALOGUE

Stormberger Cattle are ranched in an extensive, harsh, unforgiving environment and are rigorously tested - therefore, only the best survive. Thus our motto is *"selected off the veld, for the veld, without compromise"*.

Fertile, well adapted, no fuss, no nonsense cattle with a good temperament.

Over thirty years of performance testing.

### ALL BULLS ON OFFER ARE:

- Free of CA.
- Have been sheath washed and fertility tested.
- Have been vaccinated for: Anthrax, Lumpy Skin, Botulism, Black Quarter, Vibrio, Rift Valley and BVD.
- All bulls are guaranteed and a veterinary certificate will accompany each bull sold, confirming the above.

### ALL COWS ON OFFER ARE:

- Certified in calf by Dr Gary Du Preez.
- Free of CA.
- Have recently been dipped, dosed and given Vitamin A.
- Have been vaccinated for; Anthrax, Lumpy Skin, Botulism and Black Quarter

**OFFERING:** • **30 Stormberger Bulls**  
• **102 Stormberger Cows in calf**

No cow that skips is kept.  
No cow that weans a poor calf is kept.  
No bull calf under an index of 97 is kept.

### Our motto is:

*"selected off the veld, for the veld, without compromise"*

The Stormberg Cattle Group was formed in 1982 by a group of like-minded cattle farmers from the Stormberg region of the Eastern Cape. The motivation behind the creation of this group was to breed fertile, well-adapted cattle and have a resource for reasonably priced bulls. The founder members started with a base of three quarter British Beef breeds to one quarter Bos Indicus. A central herd was formed that ran on the farm Frere Dell owned by John Daly. In later years, the herd numbers were increased onto the farms of Paul Mortlock and Robbie Stretton. From these three herds, comprising of a selection of 1500 cows, our bulls are selected.

We have been performance testing our cattle since the inception of the group and our selection policy has been based on the Lasater principles and philosophies of cattle breeding.

Fertility in our cattle is the most important characteristic, as this is the cornerstone of any breeding program. We regard hardiness very highly, as the Stormberg environment is extremely harsh in our winters. Cows with good milk production are important to us, as they produce healthy, heavy weaners.

To this, cattle with good conformation and temperament are vital to our progress in cattle breeding.

Mr Erwin Church was our consultant from the inception of the group until 2016 upon his retirement. Erwin was fundamental to our success and under his guidance the Stormberger breed was created. Erwin recently passed away and will be deeply missed by us all. He was an exceptional stockman, gracious in character and his legacy will continue in our Stormberger breed forever.

Mr Gary Trethewey of BKB and Andrew Hartley of AHL are our highly regarded consultants and we believe that we are in very capable hands for the future. Our current bull crop is an indication of their hard work and sound selections.

Our final selection of sale bulls have gone through 4 selection phases and have been used on our breeding herds, where they have proven themselves before being offered for sale. We guarantee our bulls and a veterinary certificate, certified by Dr Gary Du Preez, will accompany each bull sold, confirming the above.

With our breeding principles, Stormberger bulls have proved themselves over the years and will be an asset to your herd.
