VOORWOORD

Baie welkom aan u almal op die laaste veiling van die Willow Beefmasters Stoetery.

Eerstens is ons dank verskuldig aan die Hemelse Vader, dat ons Hom vrylik in ons land kan eer en dank vir die besonderse voorreg wat ons het om met sulke besonderse diere te kan boer.

Die Beemaster-ras het vir my en vir al vir Thys, groot plesier en bevrediging gebring omdat dit ‘n ras is wat so puik aanpas by ons en ook oor die hele land en soos ek verstaan, ook in baie van ons buurlande. Nie net is dit ‘n maklik aanpasbare ras nie, maar is dit ook ‘n besonderse mooi bees. Wat ‘n plesier om met diere te kan boer waarvan jy hou en dan is hulle sag op die oog ook daarby.

Ons boer met die Beefmasters omdat dit ‘n geharde beesras is wat die uiterste koue winters en droogtes met groot onderskeiding kan hanteer. Verder floreer hulle ook in die warmer dele van die land. U sal merk dat die TKP van die koeie baie goed is, nieteenstaande die feit dat ons baie ekstensief boer.

Aangesien ons ook ‘n voerkraal bedryf, weet ons dat ons eie Beefmasters wat in die voerkraal opeindig, baie beter as enige ander ras wat in ons voerkaal gevoer word, presteer. Die eerste waarneming hier in die voerkaal is ten opsigte van bouvorm, GDT en gradering.

Indien u vir ons van Wiillow Beefmasters se speenkalwers te koop aanbied, sal ons ‘n premie betaal indien hulle by ons gewig- en besigheidsmodel inpas.

Baie dankie aan al ons kliënte wat ons oor al die jare ondersteun het. Ons vertrou dat die Willow Beefmasters-bulle ‘n verskil gemaak het in u kuddes.

Ons is van mening dat as u vandag van hierdie vroulike diere en bloedlyne bekom, hulle ‘n groot aanwins in u beeskudde kan wees.

Vir die wat nie weet nie vertel ek graag, dat die eerste Hoëveld Beefmaster Klub op hierdie plaas gestig is en het hy van krag tot krag gegroei.

Ons as Willow Beefmasters Stoetery wens die ras alles van die beste toe in die toekoms en ons is dankbaar dat ek en Thys ongeveer 25 jaar deel kon wees van ‘n teelprogram van die ras. Ek kan met trots sê dat ek bevooreg was om as afslaer op te tree van die eerste Beefmaster-veilings in die land en daarna feitlik elke

Beefmaster-veiling in die Hoëveld kon hanteer - van die kleinste to die heel grootste. Ek voel trots dat ek as persoon ‘n klein aandeel kon hê in die ontwikkeling en bemarking van een van die beste beesrasse in Suid-Afrika.

BEEFMASTER SAL ALTYD ONS GUNSTELING BEESRAS BLY

Geniet die dag saam met ons!

Groete

Frik & Thys Verster

CATTLE BREEDERS' SOCIETY OF SA
BEESTELERSGENOOTSKAP VAN SA

© 2025 South African Stud Book and Animal Improvement Association

AUCTIONS UNDER THE AUSPICES OF THE BEEFMASTER CATTLE BREEDERS' SOCIETY

It is compulsory for all stud auctions to be conducted under the auspices of the Society.

The term "**Under the auspices of the Beefmaster Cattle Breeders' Society**" means that officers of the society shall ensure that the official catalogues, drawn up by SA Stud Book with the information on its "Logix system", are available at the auction, that the information regarding paternity, production data and estimated breeding values, contained in the catalogue complies with the minimum breed standards as set by the Beefmaster Cattle Breeders' Society as well as the applicable provisions of the Constitution of the Beefmaster Cattle Breeders' Society, and that the animals offered have already been inspected and approved by an inspector.

The Beefmaster Cattle Breeders' Society also requires that stud animals offered at stud auctions under the auspices of the Beefmaster Cattle Breeders' Society are inspected on the day of the auction by inspectors of the Society to ensure that the animals still comply to the Beefmaster's minimum breed standards.

The Society also verifys the following requirements for animals to be offered at an auction under the auspice of the Society:

- Fertility certificate (not older than three months) and certificate regarding venereal diseases of bulls
- Certificate (not older than three months) of a negative Tuberculosis test of cows, heifers and bulls
- Certificate (not older than three months) of a negative Contagious Abortion test of cows and bulls
- Heifers older than 32 months and cows without a calf should preferably be pregnant and certified as such
- All semen and embryo donors offered for sale must be registered as donors

Although the Society carries out all checks to the best of its ability, the Society do however, not have any control over tests carried out and/or information provided by a third party and/or guarantee its accuracy or accept responsibility for erroneous information. The Society can thus not vouch for the following:

- Immunisation and health status of the animals
- Pregnancy status of cows and heifers
- Breeding ability of bulls
- Fertility status
- Venereal desease
- Faulty information due to printing errors.

The "Logix system" the computer animal recording system used by SA Stud Book to administer the Society's animal recording services, is also deemed as a third party. The information obtained from Logix is therefore deemed as information from a third party.

Commercial animals and animals not approved for sale at an auction, cannot be offered for sale under the auspices of the Society.

HOW TO USE SELECTION VALUES

Logix Breeding Value Indices and Selection Values are versatile and can be used effectively to select various types of animals suitable for different environments and markets. Three examples of selection goals are shown. Always check all selection values for compatiblility with your specific selection goal and never select only on the Cow Value.

AVERAGE ANIMALS

109	Calf Growth Value
108	Milk Value
95	Maintenance Value
104	Fertility Value
GROWTH VALUE	108
CARCASS VALUE	109
PRODUCTION VALUE	109

- Selection Values 90 to 110
- Cow Value & Fertility Value average to high

A safe choice, as animals are profitable in most environments.

GROWTH VALUE	108
CARCASS VALUE	109
PRODUCTION VALUE	109

- Calf Growth / Growth Value > 110
- Cow Value & Fertility Value average to high

Growers are heavier at birth (lower Calving Ease Value), and heavier at maturity (lower Maintenance Value).

LOW-MAINTENANCE ANIMALS

(HARSH ENVIRONMENT)

COW VALUE	112

CARCASS VALUE	109
PRODUCTION VALUE	109

- Maintence Value > 110
- Cow Value & Fertility Value average to high

Lighter cows have a lower maintenance (higher Maintenance Value).
