## Willow Beefmaster se Jaarlikse Produksie Veiling 2024

Baie welkom aan een en elkeen van u by die 2024 Veiling van Willow Beefmasters

Almal weet dit is planttyd op die Hoëveld en ons waardeer die opoffering wat u gemaak het om vandag hier te wees.

Alle eer en erkenning aan ons Hemelse Vader vir die voorreg dat ons as landbouers die grond kan bewerk en die diere kan versorg.

Dit is reeds die derde veiling hier in die Hoëveld Veilingsentrum en ons is baie trots om hierdie puik fasiliteit te gebruik.

Ons kudde loop op die harde Hoëveld weiding en veral die laaste twee jaar het ons baie moeilike droogte toestande ervaar.

Ons gebed is dat die sluise van die Hemel vinnig sal open en uitkoms vir die mens en dier bring, sodat ons kan voortgaan met die boerdery bedryf waarvoor al ons boere so lief is.

Willow Beefmaster se bulle word hard groot gemaak en slegs voor die veiling bederf met 'n rantsoen van mielies en oulandsgraskuilvoer ter voorbereiding van die veiling. Die bulle pas baie maklik aan by die nuwe tuiste in die lekker groen somer weiding.

Ons kudde se gesondheid word deur Dr. Schalk van der Merwe hanteer en ons bedank hom weereens vir sy deeglike werk.

Die kudde se bruselose stand is in plek en al die nodige toetse vir oorbespierung is gedoen en die gunstige uitslae weerspieël in die katalogus.

Ons is baie trots op die TKP van die kudde soos u sal opmerk in die katalogus. Verder is ons ook baie trots op die goeie skedes van die bulle, sonder om groei en vel in te boet.

Ons vertrou dat u die dag saam met die Versters sal geniet en ons nooi u hartelik uit om na die veiling te bly vir 'n lekker ete en iets te drink.

Veilig terug reis en weereens dankie vir u teenwoordigheid.

Verster Familie.

## **AUCTIONS UNDER THE AUSPICES OF THE BEEFMASTER CATTLE BREEDERS' SOCIETY**

It is compulsory for all stud auctions to be conducted under the auspices of the Society.

The term **"Under the auspices of the Beefmaster Cattle Breeders' Society"** means that officers of the society shall ensure that the official catalogues, drawn up by SA Stud Book with the information on its "Logix system", are available at the auction, that the information regarding paternity, production data and estimated breeding values, contained in the catalogue complies with the minimum breed standards as set by the Beefmaster Cattle Breeders' Society as well as the applicable provisions of the Constitution of the Beefmaster Cattle Breeders' Society, and that the animals offered have already been inspected and approved by an inspector.

The Beefmaster Cattle Breeders' Society also requires that stud animals offered at stud auctions under the auspices of the Beefmaster Cattle Breeders' Society are inspected on the day of the auction by inspectors of the Society to ensure that the animals still comply to the Beefmaster's minimum breed standards.

The Society also verifies the following requirements for animals to be offered at an auction under the auspice of the Society:

- Fertility certificate (not older than three months) and certificate regarding venereal diseases of bulls
- Certificate (not older than three months) of a negative Tuberculosis test of cows, helpers and bulls
- Certificate (not older than three months) of a negative Contagious Abortion test of cows and bulls
- Heifers older than 32 months and cows without a calf should preferably be pregnant and certified as such
- All semen and embryo donors offered for sale must be registered as donors

Although the Society carries out all checks to the best of its ability, the Society does however, not have any control over tests carried out and/or information provided by a third party and/or guarantee its accuracy or accept responsibility for erroneous information. The Society can thus not vouch for the following:

- Immunisation and health status of the animals
- Pregnancy status of cows and helpers
- Breeding ability of bulls
- Fertility status
- Venereal disease
- Faulty information due to printing errors.

The "Logix system" the computer animal recording system used by SA Stud Book to administer the Society's animal recording services, is also deemed as a third party. The information obtained from Logix is therefore deemed as information from a third party.

Commercial animals and animals not approved for sale at an auction, cannot be offered for sale under the auspices of the Society.
