A breeding machine with 44cm scrotal circumference. Excellent depth of body, following right through with capacity in the hind-quarter. A bull that comes from the well known Arrow genetics of Toby van der Heever, combined with the Intrepid lines. This is one of the last of ATF6's sons on offer, a sire who bred the highest selling bulls in 2017 & 2018.

With a 44cm scrotal circumference at just 2 years old, this bull promises to be a beef breeding machine. A potential stud sire and half brother to lot 3, he is a curve bender with a high weaning weight, but low mature weight and a well-above average milking figure. VK18690 brings a tremendous amount of beef-carrying capabilities, obvious in his spring of rib and depth of hind-quarter.

This bull has the "wow factor". A natural-polled, structurally sound red bull that shouts "breeding"! A line-bred VV259 grandson, this gentle thick-set bull with a scrotal circumference of 40.5cm should be top of the bidding list for the red-polled brahman breeder. As one of the best polled red bulls in the country, VK17530 will set trends in the beef industry world-wide.

One of only two 2018 bulls on offer, Winston is just 26 months old. He has immense growth potential and weaned at 261kg. In just one year he will mature into a gracious, well-balanced gentleman who guarantees heavy weaners. Without a doubt the friendliest - most featured on Danelda's facebook page - bull on offer; always ready for a back scratch.
